

# NENA

Vancouver 2013

*Wild and Spectacular*

Join us in Vancouver for the  
**Annual National Emergency Nurses' Affiliation Conference**

Guaranteed to be a *"Wild and Spectacular"* event!  
Two and a half exciting days of learning, networking and  
playing in one of the country's most beautiful cities!

**May 29 - 31, 2013**

Westin Bayshore,  
Vancouver BC

## PRE-CONFERENCE PROGRAM

Wednesday May 29, 2013

**0800 – 1600**

### ***Collaborative Advanced Airway Management for Nurses (CAMAN): AIME for Nurses***

Do you find yourself wishing you knew more about airway management? Wishing you understood the WHY's and the HOW TO's about intubation and how to care for your patient after the tube is placed? Join us in Vancouver for the CAMAN course and get better prepared for a variety of airway management roles – regardless of the type of hospital or nursing station you work in.

The course focuses on a variety of airway adjuncts, the medications commonly used during intubation, and optimization of ventilation, presented in a format of lectures and hands on skill stations. Participants work together to use a staged approach to oxygen delivery, ventilation techniques, including management of the difficult to ventilate patient. Good BVM technique is heavily emphasized. Participants will learn about airway assessment, RSI, awake intubation, surgical airways, and when each are recommended, as well as options for your team when facing a difficult or failed intubation.

**Fees: \$270.00 Study Credits: 8 Nursing CME credits Limited to 16 participants**

## POST CONFERENCE WORKSHOP

**ACLS:** experienced update for nurses

Experienced Provider Update: \$225.00 Limit 12

Must have completed an ACLS course within previous 2 years

Saturday June 1<sup>st</sup> 2013 0800-1400hrs

PLACE TBA - Limited to 12 participants

This condensed 6 hour update course is ONLY intended for experienced clinicians who have previously completed at least one ACLS course successfully.

Workshop	BY April 1 <sup>ST</sup> 2013	April 2 <sup>ND</sup> TO May 15 <sup>TH</sup> 2013	May 15 <sup>TH</sup> and on site
CAMAN	\$270.00	\$300.00	\$325.00
ACLS RECERTIFICATION	\$225.00	\$250.00	\$275.00

***“Wild and Spectacular”***

## CONFERENCE HIGHLIGHTS

- Colour Outside the Lines – AnnMarie Papa, DNP, RN, CEN, NE-BC, FAEN
- Nursing for the Fun of it, Heaven Knows it's Not for the Money – Jeff Solheim, MSN, RN-BC, CEN, CFRN, FAEN
- Atrial Fibrillation – The Shocking Truth – Grant Innes, MD, FAACP, FRCPC
- Why I Love Emergency Nurses – Bruce Campana, MD, FAACP, FRCPC
- Wound Care for the Emergency Nurse – Carole Rush, RN, MEd, CEN, FAEN
- 50 Shades of Triage – Panel Discussion
- Sepsis and the Emergency Nurse – Sherry Stackhouse, RN, BSN
- Forensic Evidence – Dean Hildebrand, PhD - Associate Dean, Forensic Science and Technology BCIT
- BC's Mobile Medical Unit (MMU) available for simulations and tours

BC's Mobile Medical Unit (MMU) is high-tech, self-sufficient hospital on wheels. Offering a range of clinical capability, from first-aid and outpatient care to emergency resuscitation and life-saving surgery, the MMU is an important resource in building upon British Columbia's health response capacity. A legacy from the 2010 Winter Olympic and Paralympic Games, the MMU now travels throughout the province providing: Hospital/health centre renovation support; Public health outreach; Emergency and disaster relief; Special event support; and Medical education. Learn more at [www.bcmmu.ca](http://www.bcmmu.ca)

## CONFERENCE PROGRAM

### Wednesday, May 29, 2013

1700 – 2200: **Registration Opens**

1800 – 1830: **Opening Ceremonies**

1830 – 1930: **Colour Outside the Lines**

*Ann Marie Papa DNP, RN, CEN, NE-BC, FAEN*

Recognizing the strengths that each team member brings to the table is essential for high functioning teams. This talk is a humorous look at helping us find common ground and enjoy the wonder of our teams!

1930 – 2030: **NENA Annual General Meeting – All Welcome**

2030 – 2200: **Wine and Cheese Reception – Westin Bayshore**

### Thursday, May 30, 2013

0630 – 0730: **Yoga Session**

No fee. Yoga mat helpful, but not required. Open to all levels.

*Guided Walk/Run through Stanley Park*

Come enjoy the beautiful scenery of Stanley Park and get your day off to an energized start - 3km and 5km options available.

0700 – 0800: **Registration**

0800 – 0900: **PLENARY SESSION**

**Nursing for the Fun of It, Heaven Knows it's Not for the Money**

*Jeff Solheim MSN, RN-BC, CEN, CFRN, FAEN*

Jeff Solheim's nursing career has taken him from working as a staff nurse on a cruise ship to being held hostage in the jungles of South America; from delivering a baby in a hut in Africa to serving as a chief nurse executive in a large urban hospital. Each experience has provided Jeff with a fresh perspective on the profession of nursing. During this very visual, sometimes humorous and sometimes emotional presentation, participants will be invited to explore all the opportunities that nursing has to offer as well as lessons gained from each unique experience.

## 0915 – 1015: CONCURRENT SESSIONS 1

### A. Skills Station – Limited Registration.

Included in this one hour session will be opportunities to practice the following skills:

- ACLS/PALS scenarios – inside the Mobile Medical Unit!
- Ventilator basics
- Pediatric IV Skills
- Casting and Splinting Tips

### B. Nurse Practitioner Power Hour: Preventing Hospital Admissions

- Tips from a Chronic Pain Clinic.

*Ruth Ringland MN-NP(F)*

How does an NP working with person living with chronic pain impact ED visits

- The Role of the NP in an Urban Diagnostic Treatment Unit and Beyond

*Michaela Hanakova MN-NP(F)*

Ensuring quality care in the rushed ED setting – how an NP makes it happen

- Survivor Emergency Department

*Monique McLaughlin MN-NP (Family)*

“How does she do it?” Lessons and strategies learnt from surviving as a NP in an urban Emergency Department

### C. The ABCD Approach to Emergency Wound

*Carole Rush RN, MEd, CEN, FAEN*

This workshop will enhance both knowledge & skill related to the emergency care of acute wounds, by reviewing current literature and best practices. Changes in acute wound care are slow to come to the Emergency Department. The most common dressing order of ‘polysporin & gauze’ is not best practice, and can actually be a barrier to wound healing. Participants will gain tools to take back to their practice and share with colleagues, including taking an inventory of wound care products on their dressing carts.

### D. Cognitive Bias and it’s Impact on Quality in Healthcare

*Dr Christine Vuksic MD, CCPE*

How do your preconceived ideas affect your interactions with your patients? Come find out.

### E. Pediatric Sepsis

*Dr Jeff Bishop Pediatrician Victoria General Hospital*

Learn how to recognize and manage your septic pediatric patient so you can make a difference!

## 1015 – 1045 NUTRITION BREAK – Exhibitors Open

## 1045 – 1140 CONCURRENT SESSIONS 2

### A. Skills Station – Limited Registration

### B. Pediatric Power Hour:

- How to Talk to Kids

*Lori Lonergan RN*

Establishing a positive relationship with pediatric patients from infants to adolescence is critical for safe and effective care. Come to this session and learn some handy, age appropriate tips on talking to kids.

- How Vital are Vitals?

*Denise Hudson RN, BSN*

Ever wonder what you missed? Take away some quick tips on recognizing life-threatening conditions and the progressively deteriorating pediatric patient.

- The Blanche of Perfusion

*Colleen Brayman RN, BSN*

How can we recognize the progressing signs and symptoms of pediatric shock.

### C. “Twisted” – A Tale of Two Patients

*Margaret Dymond RN, BSN, ENC(C)*

This interactive session will discuss the journey of two patients that arrive in the ED with Polymorphic VT. We will review the basic and advanced care for these patients, with some novel approaches that brings back an old drug with new tricks.

**D. So You Want to Write Your Certification Exam?**

*Lucie Vachon RN, BSc, / Janice Spivey RN ENC(C)CEN*

Come find out the how, when and why about writing your certification exam and how to prepare. Commit to excellence and continued competence in ED Nursing!

**E. You Put What Where? Chatting about Foreign Bodies**

*Jeff Solheim MSN, RN-BC, CEN, CFRN, FAEN*

For every orifice, there is an object (or multiple objects) that can fill that orifice. From peas in the nose to fishhooks in the eye to a coke bottle - well you know where, this session will explore the recognition and treatment of patients who have foreign bodies. What is the process for removing a live cockroach from the outer ear? What unique considerations must be taken into account when triaging a patient with a "button battery" in the trachea? How does one recognize a wood splinter in a traumatic wound? This informative yet fun session is full of interesting pictures, x-rays and other radiological exams.

**1150 – 1230 CONCURRENT SESSIONS 3**

**A. Skills Station – Limited Registration**

**B. Power Hour – Move That Patient!**

- H.A.R.T (High Acuity Regional Transport)

*Colleen Brayman RN, BSN*

Come learn about Canada's first rural based RN/RT response team for critical patients – from it's beginnings to present day.

- Transport Outside of the ED

*Brian Lee RN, BSN*

This session will provide an overview of the patient care principles and applications when transporting a patient outside of the ED – ranging from the imaging department in your facility to critical care transport via ground, fixed wing or helicopter.

**C. Do You Know Jack? Caring for the Elderly in the ED**

*TBA*

The "Grey Tsunami" is approaching – are you ready?

**D. Freedom 85 – How to Retire Well**

*Marie Vermeullen Chartered Accountant*

Retirement? How to prepare now so you don't have to eat ALPO when you reach it.

**E. Attitudology 101 – The Choice is Yours**

*AnnMarie Papa DNP, RN, CEN, NE-BC, FAEN*

This presentation is a humorous looks at the attitudes that shape our experiences.

**1230 – 1330 LUNCH Exhibitors Open**

**1330 – 1430 CONCURRENT SESSIONS 4**

**A. Skills Station – Limited Registration**

**B. Power Hour – Patients on the Move**

- Progress Chaser/NRGH Movement

*Andree Lineker RN / Darin Abbey RN*

What exactly is a "progress chaser" and how can it help your ED?

- Streaming

*Sherri Morrish RN, MSN*

Streaming in the ED is an innovative care delivery design that reduces ED overcrowding and improves access to care

**C. The Adolescent and Mental Health**

*TBA*

How do you communicate with the adolescent population, especially those with mental health issues. Chris will share some of the tips and techniques he has used while working on the adolescent psychiatric unit.

**D. Interpreting Blood Gases**

*Jeff Solheim MSN, RN-BC, CEN, CFRN, FAEN*

Compensated metabolic acidosis or mixed metabolic and respiratory alkalosis? Will base excess increase or decrease with ingestion of large amounts of baking soda? Arterial blood gas interpretation can prove challenging for many critical care and emergency nurses. This session will cover the basic pathophysiological principals of arterial blood gases, as well as causes and clinical manifestations of various blood gas abnormalities. Participants will also be introduced to an incredibly simple and relatively unknown interpretation method that allows them to interpret the simplest as well as the most complex of blood gas values. Practice scenarios will also be included.

**E. The Legal Side of Charting – are you covered?**

**Camille Ciamello BSN, LLB**

Is your documentation adequate? Meet a nurse/lawyer and find out what you should and shouldn't chart, while reviewing a case. You will sleep better at night after attending this lively interactive session.

**1430 – 1515 CONCURRENT SESSIONS 5**

**A. Skills Station – Limited Registration**

**B. Forensic Toxicology – The Dark Side of Plants, Food and Chemicals**

**Wayne Jeffries BFCM, Sc.Pharm, Forensic Toxicologist**

This session covers the toxicological effects of plants, mushrooms, food and chemicals that can be devastating if not recognized and treated.

**C. Children Are Not Small Adults**

**Karen Doiron RN**

How do the anatomical differences between children and adults impact of we care for pediatric patients? Come and learn!

**D. Human Trafficking**

**Tara Wilkie RN, Aimee Falkenberg RN, BSN, Larena Dodd RN, BSN, SANE-A**

Domestic and International human trafficking – what are the inevitable health consequences from it, and how can we respond to aid in the prevention, identification and intervention to meet the specific medical needs of trafficked persons.

**E. International Perspectives**

**Joanne Lazarus ENA President**

Emergency Nursing Across Borders – what do we share in common?

**1515 – 1545 NUTRITION BREAK– Exhibitors Open**

**1545 – 1630 PLENARY SESSION – Behind the Mask**

**Glenna Trout**

Come and learn how to recognize the different masks or facades that people wear, and how they compare to who they really are or how they are feeling. This presentation will give you a glimpse into understanding facial features and their associated meaning, and how that skill can enhance your patient assessments.

**1900 – 2200 WILD AND SPECTACULAR SOCIAL – Westin Bayshore Hotel**

**Come join us for a  
Wild and Spectacular Evening  
Entertainment by Michael Sicoly**

“Michael’s performance, small part flirt, large part gifted pianist and larger part entertainer will lead the crowd through a high energy, unique evening of music, dance and all around good times. Michael is so much more than a pianist or a singer. He is a one man show that will at one turn have you laughing and at the next trying out a new move on the dance floor. ”

*Nancy Stoiber, Events Manager, BC Children’s Hospital Foundation*

**FRIDAY, MAY 31, 2013**

**0630 – 0730: Yoga Session**

No fee. Yoga mat helpful, but not required. Open to all levels.

*Guided Walk/Run through Stanley Park* - Come enjoy the beautiful scenery of Stanley Park and get your day off to an energized start - 3km and 5km options available.

**0700 – 0800 Registration – Exhibitors Open**

**0800 – 0900 PLENARY SESSION – Leadership and Team Building**

***Suzanne Fox RN, MSN and Drew Digney MD, CCFP (EM)***

“Ever wonder why that good idea wasn’t. Ever ponder why nothing seems to change, ever wonder that despite the three emails no one seems to know the new process? Wonder no more! Suzanne Fox and Dr. Drew Digney lead their team at Nanaimo Regional General Hospital to some of the lowest door to doc times, average length of stay and LWBS rates you will ever see. All this and making their department a place where people want to come to work. Find out how it is really all about culture and how to make it work for you, not against you.”

**0915 – 1015 CONCURRENT SESSIONS 6**

**A. Power Hour – Bevel up!**

- Street Nursing; a day in the life

***Elaine Jones***

The life of a Street Nurse can be very diverse. Interested in learning more about it?

- Insite - Vancouver’s Supervised Injection Site.

***TBA***

- HIV Testing - What’s new?

***James Tigchelaar RN, MEd***

Advances in POC testing and it’s impact on early detection and prevention of HIV.

**B. Lessons from Florence**

***Roger Casey RN, MSN, CEN***

Florence was definitely ahead of her time. Come and learn about this amazing woman, and walk away ready to change your world!

**C. Sepsis and the ED Nurse**

***Sherry Stackhouse RN, BSN***

Come learn how ED nurses impact sepsis outcomes and discuss the key points in recognition and management.

**D. Sharks, Carps and Dolphins – Successful Conflict Management**

***AnnMarie Papa DNP, RN, CEN, NE-BC, FAEN***

This presentation will examine how to ensure a win/win for all involved when resolving or engaging in conflict. We will explore constructive conflict and discuss strategies to understand how to negotiate for success.

**1015 – 1045 NUTRITION BREAK - Exhibitors Open and MMU open for tour**

**1045 – 1140 CONCURRENT SESSIONS 7**

**A. Sudden Traumatic Death**

***Dr. Trisha Scott PhD***

At the end of this session the participant will have an awareness of the deep pain that a relative experiences, and of how to respond effectively to a relative’s needs following a sudden death.

**B. DNA – It’s Impact on Outcome**

***Dean Hildebrand PhD, Associate Dean Forensic Sciences and Technology, BCIT***

Learn how to provide the highest quality collection of DNA containing samples for the forensic scientist through this case scenario based presentation – and learn the impact samples can have on cases.

**C. What’s New on the Street?**

***Sgt Scott Rintoul***

Become familiar with current street drugs – their names, use, and in many cases, their relationship to drug facilitated sexual assault and high risk behaviour. Increase your knowledge of identifying street drugs and enhance your skills in identifying drug abuse in your patients.

**D. The Future of Ultrasound for the ED Nurse**

***TBA***

1150 – 1230 **PLENARY SESSION**

**50 Shades of Triage**

*Panel Discussion – Moderator: Sherry Stackhouse RN, BSN, Colleen Brayman RN, BSN Sherry Uribe RN, BSN, Grant Innes MD, FAECp, FRCPC, Eric Grafstein MD, FAECp, FRCPC RN's and EP's discussing the controversies at Triage – what works, what doesn't.*

1230 – 1330 **LUNCH Exhibitors Open and MMU open for tours**

1330 – 1410 **CONCURRENT SESSIONS 8**

A. **Atrial Fibrillation: The Shocking Truth**

*Grant Innes MD, FAECp, FRCPC*

Over a quarter of a million Canadians have this arrhythmia. ED nurses need to feel confident recognizing the presentation and providing patients with current treatment and adverse outcome prevention.

B. **NEVR – Network to Eliminate Violence in Relationships**

*Babir Gurm PhD, Maryam Majedi BA, Gary Thandi MSW*

The NEVR is a unique multidisciplinary initiative for three communities in the lower mainland of BC for the purpose of reducing/eliminating violence in relationships.

C. **Toxicology in the ED**

*Rich Wonbon BSc, BSc(Pharm), ACPR, PharmD*

Treating evil toxins with fats, vitamins and K-Y Jelly. A presentation on treatment protocols for drug-induced cardiac arrests, cyanide poisoning and hydrofluoric acid exposure.

D. **Envenomation Across the Nation**

*Dr. David Shaw M.D. CCFP*

Spiders, snakes and jellies – oh my!

1415 – 1515 **CONCURRENT SESSIONS 9**

A. **Power Hour – Care of the Elderly**

- **The Blurring Lines Between Delirium and Dementia**

*Mohammed Toufir El-Hussein*

This presentation will identify the major features and nuances that will help Emergency nurses make an educated decision when differentiating between delirium and dementia.

- **Elder Abuse,**

*Sheila Early RN, BScN and Cathy Sendeck RN, BSN*

Elder Maltreatment: ER's hidden epidemic. In this session there will be discussion about the assessment and documentation of findings when caring for elders in the ED.

B. **Sexual Assault - Care of Patients in a Rural Setting**

*Cathy Carter PhD*

Women in rural and remote communities have reported difficulties accessing services in local health centers after sexual assault. Come hear the reality of care for these women, and how improvement can be made.

C. **Initial Treatment of DKA – Adult and Pediatric Commonalities and Differences**

*Colleen Brayman RN, BSN,*

DKA is a common ED presentation – learn what adults and pediatrics have in common – and how they differ.

D. **Trauma Panel**

*Ross Brown OMM, CD, BSc, MA, MD, FRCSC, FACS, Commander (R)*

*Catherine Jones RN, Med, Executive Director, Trauma Services, BC*

A discussion of BC's provincial trauma system with the "pearls" of trauma care woven throughout

1530 – 1630 **PLENARY SESSION**

**Why I Love Emergency Nurses**

*Bruce Campana MD, FAECp, FRCPC*

An Emergency Physician shares a quarter century of experiences with Emergency Nurses through an amusing and sometimes touching series of anecdotes.

1630 – 1645 **CLOSING CEREMONIES**

*WE RESERVE THE RIGHT TO MAKE SUBSTITUTIONS FOR ANY SPEAKER OR TOPIC.*

# REGISTER NOW

## REGISTRATION FEES

Conference fee includes registration, nutrition breaks, lunch and social for Thursday pm  
Extra tickets for the social can be purchased for \$50.00  
Study Credits: Nursing CME credits are 15 hours

	BEFORE APRIL 1 <sup>ST</sup> 2013	APRIL 2 <sup>ND</sup> TO MAY 29 <sup>TH</sup> 2013	ON SITE
NENA / FNSC / ENA MEMBERS	\$375.00	\$425.00	\$425.00 (NO SOCIAL)
NON-MEMBERS	\$425.00	\$475.00	\$475.00 (NO SOCIAL)
STUDENTS	\$200.00 (NO SOCIAL)	\$200.00 (NO SOCIAL)	\$200.00 (NO SOCIAL)
DAILY			\$225.00 (NO SOCIAL) 30 <sup>TH</sup> AND 31 <sup>ST</sup> ONLY

*\*\* Residents/Students: Must provide proof of status on-site at the registration desk\*\**

*We must receive written notification of your cancellation. A \$50.00 processing fee will be deducted from the registration refund. No refund will be issued after May 1st 2013.*

## CAEP Toxicology Roadshow – June 1, 2013

Overdoses and poisonings are sometimes familiar and sometimes frightening, and are a small but important part of the practice of emergency medicine.

The **CAEP Toxicology Roadshow** will focus on the interesting world of poisons, their nature, effects and antidotes.

CAEP is pleased to launch the new **CAEP Toxicology Roadshow** in conjunction with **CAEP 2013 Annual Conference** at the Westin Bayshore Hotel in Vancouver, BC, on Saturday June 1, 2013.

### **Fees:**

Nurse Early fee: \$200 (before May 1, 2013)

Nurse Late fee: \$225 (after May 1, 2013)

Registration – through the CAEP website [www.caep.ca](http://www.caep.ca)

## Stay Close to the Action

Reserve to stay at the  
Westin Bayshore Vancouver  
1601 Bayshore Dr, Vancouver, BC  
[www.westinbayshore.com](http://www.westinbayshore.com)

NENA Conference Rate:  
\$195.00/night (+taxes) based on single or double occupancy

**Study Credits: Nursing CME credits are 15 hours**

## HOW TO REGISTER

ONLINE: [www.interprofessional.ubc.ca/vena](http://www.interprofessional.ubc.ca/vena)

Register on line with your VISA or Mastercard
